# LIVE™
# CONTROL PANEL

Experience unparalleled control and efficiency with the Accudraft LIVE control panel, a first-of-its-kind innovation in the industry. This cutting-edge system empowers you with FIVE fully independent programmable processes, putting unprecedented power at your fingertips. Monitor your operations remotely, track job costs in real-time, and optimize performance with integrated heating, cooling, and humidity control.

The LIVE Controller's intelligent design allows Accudraft to diagnose issues remotely and ensure prompt delivery of any necessary components, taking the frustration and worry out of maintenance. With LIVE, you can say goodbye to troubleshooting and hello to maximizing productivity.

This revolutionary system allows you to dedicate your energy to what matters most: producing flawless finishes in your paint booth.

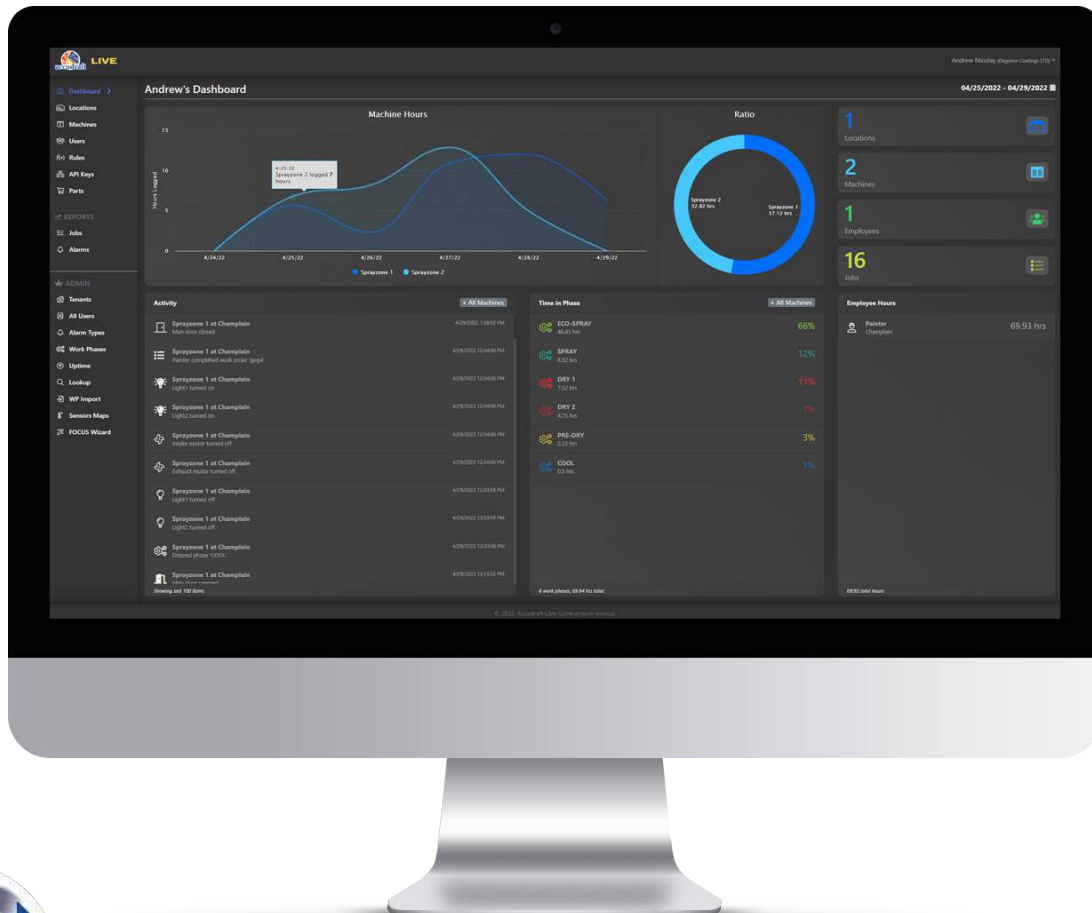

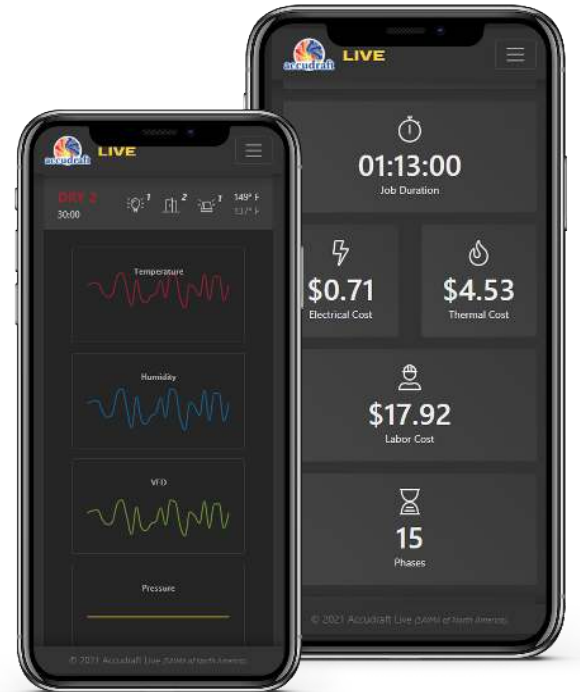

## accudraft LIVE™

Accudraft LIVE puts the power of paint booth management in the palm of your hand. This mobile-friendly, cloud-based solution lets you monitor performance, track costs, and analyze key metrics from any location. Effortlessly check booth status, assess utility expenses per job, and access remote technical assistance with ease.

Compatible with both Android and iOS devices, LIVE empowers managers and service technicians to stay connected and in control.

# accudraft LIVE™

## What is Accudraft LIVE™?

In today's competitive market, staying ahead is crucial. Accudraft LIVE™ gives your shop the edge by transforming your finishing systems into smart, connected powerhouses. With LIVE™, you gain unparalleled visibility into your operations, empowering you to make data-driven decisions that improve efficiency, reduce costs, and enhance the quality of your work. It's the future of finishing, and it's here today. LIVE™ puts the power of information in everyone's hands. Managers can optimize workflows across locations and equipment, while painters receive personalized performance feedback, promoting collaboration and efficiency.
